

EIS. Modifications included in the FEIS consist mostly of simple text revisions and technical edits. There are also both extensive text revisions to more clearly explain proposed actions or environmental impacts analysis, and minor changes to actions proposed in the agency-preferred alternative. The text edit changes were mostly a result of public comment on the Draft EIS. Chapter 6 of the FEIS summarizes the public comments and responds to the comments both within the chapter and in other chapters where appropriate. Some text was added that provided additional analysis. This additional analysis was mostly focused on two proposals within the analysis: the wetland restoration at the unpaved parking lot, and the Mission blue butterfly habitat compensation planned at Hawk Hill.

Project proposal changes included in *Alternative 3* are as follows:

- **Rodeo Valley Connector Trail:** Cyclists would be allowed on the trail between Conzelman Road north to Bunker Road. The trail starts east of Battery Rathbone-McIndoe on Conzelman Road, connecting to Bunker Road east of the riding stables; there would be multi-use by permit pedestrians, equestrians, and bicycles.
- **Slacker Hill Trail:** The existing trail from the top of Slacker Hill to the launch site would be downgraded from a road to a trail, providing access to the launch site for hikers and equestrians only. Access to the east side of the launch site would be maintained for its views of the bay and city.
- **Hawk Hill Parking on Conzelman Road:** In preparing the FEIS, the planning team observed parking utilization at Hawk Hill in the fall of 2007. These observations showed that demand for the parking spaces exceeds 25 spaces for week-end peak and shoulder seasons. Therefore, *Alternative 3* now includes a revised parking configuration at Hawk Hill, which is a modified version of the parking configuration provided in *Alternative 4* (the same proposal is common to both alternatives).
- **Smith Road Parking:** The proposed parking area at Smith Road has been revised to mostly avoid the riparian area to the east. Under *Alternative 3*, Smith Road has been reduced in size and realigned to the south, moving it farther from Rodeo Creek and the riparian area along the creek.
- **East Road and Bay Trail:** Additional width will be provided where possible in the shoulder area for bicyclists, providing a balance between protecting the resources and improving bicyclists'

safety and experience. The refined design includes 11-foot travel lanes in each direction and widened shoulders where practicable.

**Scoping and Public Involvement:** The Notice of Intent to prepare an EIS was published in the **Federal Register** on April 10, 2002. Early in the EIS scoping phase three public meetings were hosted in San Francisco, Marin City, and Oakland. The San Francisco meeting occurred on March 26, 2002 during a meeting of the park's Advisory Committee (approximately ten members of the public attended the meeting). The Marin City meeting occurred on April 10, 2002 at the Manzanita Community Center in Marin City (approximately 20 members of the public attended). The Oakland meeting occurred on April 11, 2002 at the Metropolitan Transportation Commission Auditorium in Oakland. Three members of the public attended, along with several agency staff members. In addition GGNRA held two Alternatives Refinement Workshops for the public. The primary goal of these meetings was to solicit public input on the four preliminary alternatives. The meetings were held on November 19, 2002 at Tamalpais High School in Mill Valley (approximately 11 community members attended) and on November 26, 2002 at GGNRA Headquarters in San Francisco (approximately 15 community members attended). GGNRA staff prepared and distributed announcements of the meetings to 2,000 individuals and organizations (and these were also distributed at Marin Headlands Visitor Center and posted widely on bulletin boards in Marin County). Summaries of the comments received at each workshop and written comments from the public were documented in a 2003 memorandum titled "Summary of November 2002 Alternatives Refinements Workshops". Workshop comments were used to further refine the alternatives and identify the main issues to be addressed in finalizing the alternatives to be presented in the Draft EIS. The park also hosted a public forum March 14, 2003 to review initial findings of the Fort Baker Cultural Landscape Report and Marin Headlands/Fort Baker Historic Roads Characterization Study (two members of the public attended). The most recent public outreach efforts included presenting project alternatives at the last four of the park's quarterly public meetings beginning with the May 16, 2006 meeting at the Mill Valley Community Center. Regular posting of information updates occurs on the park's Web site (<http://parkplanning.nps.gov/goga>).

The park's Notice of Availability for the Draft EIS was published in the **Federal Register** on June 12, 2007 (the 60-day public review period was formally initiated June 8, 2007 when the EPA notice of filing appeared in the **Federal Register**); public comment was accepted through August 13, 2007. In an effort to solicit public awareness an extensive public notification effort was done for the release of the Draft EIS, including letters, post cards mailers, newspaper public notices, and posting on the park's Web site. A public meeting was held in Sausalito, CA on July 18, 2007 where the park hosted an open house and answered questions from the public. The public meeting was attended by approximate 80 people and was covered by San Francisco local television KTVU. Several media (radio, television, newspapers) reported on the project during the public review and comment period. Public correspondence was accepted electronically and via fax or letter; a total of 321 correspondences were received on the Draft EIS.

**Approval Process:** The National Park Service will prepare a Record of Decision no sooner than 30 days following EPA's notice of filing of the FEIS in the **Federal Register**. The document is available for public inspection as follows: at the Office of the Superintendent (Bldg. 201 Fort Mason, San Francisco, California), and at local public libraries (Marin County Free Library, Mill Valley, Point Reyes, and Sausalito). An electronic version may be accessed at <http://parkplanning.nps.gov/goga>. Copies may also be obtained by contacting Mr. Steve Ortega, (415) 561-2841 or [steve\\_ortega@nps.gov](mailto:steve_ortega@nps.gov). As a delegated EIS, the official responsible for approval of the Marin Headlands and Fort Baker Transportation Infrastructure and Management Plan is the Regional Director, Pacific West Region; subsequently the official responsible for implementing the final plan would be the Superintendent, Golden Gate National Recreation Area.

Dated: December 11, 2008.

**George J. Turnbull,**

*Acting Regional Director, Pacific West Region, National Park Service.*

**Editorial Note:** This document was received in the Office of the Federal Register on Thursday, March 19, 2009.

BILLING CODE 4312-FN-P

**DEPARTMENT OF THE INTERIOR****National Park Service****Fort Dupont Park, National Capital Parks—East, Washington, DC; Notice of Availability of a Finding of No Significant Impact for the Proposed Transfer of Jurisdiction of a Portion of Fort Dupont Park, Washington, DC**

**AGENCY:** National Park Service, Department of the Interior.

**ACTION:** Notice of availability of a Finding of No Significant Impact.

**SUMMARY:** Pursuant to the National Environmental Policy Act (NEPA) and National Park Service (NPS) NEPA guidelines, NPS prepared and in October 2008 made available for a 30-day public review an Environmental Assessment (EA) evaluating the potential impacts of a proposed transfer of jurisdiction of a portion of Fort Dupont Park to the Government of the District of Columbia (the District). This transfer would be for recreational purposes and in assessing this proposed transfer, the EA also considered the District's general plan to expand and improve sports-related recreational facilities to the extent that these details are presently known.

After the end of the 30-day public review period, the NPS selected for implementation, the preferred alternative as described in the EA, and determined it will not have a significant impact on the quality of the human environment and that an Environmental Impact Statement is not required. In making that selection and determination, the NPS considered the information and analysis contained in the EA and the comments received during the public review period. The NPS has accordingly prepared a Finding of No Significant Impact (FONSI) for the proposed transfer. The FONSI is also accompanied by an errata sheet that corrected some minor inaccuracies and updated some information.

The errata did not result in any changes in the overall findings of the EA and had no bearing on its determination of no significant impact.

**FOR FURTHER INFORMATION CONTACT:**

Gayle Hazelwood, Superintendent, National Capital Parks—East, RE: Fort Dupont Park Land Transfer Proposal, at 1900 Anacostia Drive, SE., Washington, DC 20020, by telephone at (202) 690-5127, or by e-mail at [gayle\\_hazelwood@nps.gov](mailto:gayle_hazelwood@nps.gov).

**SUPPLEMENTARY INFORMATION:** The selected alternative would transfer jurisdiction of an approximate 15-acre parcel at one end of Fort Dupont Park

(the Project Area) to the District to facilitate the improvement and expansion of recreational facilities located there. The transfer would result in the District taking over management of the Project Area and then improving and expanding the sports-related recreational facilities including the development of a Youth Baseball Academy and the expansion of the Fort Dupont Ice Arena. Pursuant to the transfer, all NPS managerial responsibilities for the Project Area, including the Fort Dupont Ice Arena which the NPS leases to the Friends of Fort Dupont Ice Arena, Inc., will be transferred to the District, and the Project Area will no longer be a part of Fort Dupont Park. The transfer will also necessitate amending the NPS' 2004 Fort Circle Parks Management Plan which provides a managerial framework for decisions about use and development within the Fort Circle Parks, including Fort Dupont Park.

Although the NPS proposes making this transfer, for it to occur not only must the NPS and District agree to the terms, the National Capital Planning Commission must recommend it.

The FONSI and other documents related to this action are available for review electronically on the NPS's Planning, Environment, and Public Comment (PEPC) Web site at <http://parkplanning.nps.gov/NACE>. You may also request a hard copy at (202) 690-5127.

Dated: January 14, 2009.

**INTERNATIONAL TRADE COMMISSION**

[Inv. No. 337-TA-671]

**In the Matter of Certain Digital Cameras; Notice of Investigation**

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Institution of investigation pursuant to 19 U.S.C. 1337.

**SUMMARY:** Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on February 17, 2009, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, on behalf of Samsung Electronics Co., Ltd. of Korea and Samsung Electronics America, Inc. of Ridgefield Park, New Jersey. Letters supplementing the Complaint were filed on February 27, 2009 and March 11,

2009. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain digital cameras by reason of infringement of certain claims of U.S. Patent Nos. 5,731,852 and 6,229,695. The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainants request that the Commission institute an investigation and, after the investigation, issue an exclusion order and a cease and desist order.

**ADDRESSES:** The complaint, except for any confidential information contained therein, is available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Room 112, Washington, DC 20436, telephone 202-205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

**FOR FURTHER INFORMATION CONTACT:** Bryan F. Moore, Esq., Office of Unfair Import Investigations, U.S. International Trade Commission, telephone (202) 205-2767.

**Authority:** The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, and in section 210.10 of the Commission's Rules of Practice and Procedure, 19 CFR 210.10 (2008).

**Scope of Investigation:** Having considered the complaint, the U.S. International Trade Commission, on March 18, 2009, *ordered that—*

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain digital cameras that infringe one or more of claims 1, 2, 6, 8, and 9 of U.S. Patent No. 5,731,852 and claims 1-3, 5, 6, 8-11, and 19 of
